NATIONAL EXTENSION SERVICE--South Kanara--Allotment and selection of an additional block for 1954-55--Area within Community Project--Exclusion--Recommended.

Ref: G.O.Ms.No.1775 Public (R.D.P.) Department, dated 26-9-1953.

In the G.O. cited, orders have been passed for launching National Extension Service in one more block comprising the Wandse and Baindur firkas of Coondapur Taluk from 2--10--1954. The Community Project area in this District covers an area of 1250 square miles and out of the 19 villages of Coondapur Taluk included in this area, the following ten villages lie within the 2 firkas in which National Extension Service is to be introduced this year.

Wandse Firka:
1. Shankernarayana.
2. Ajri.
3. Siddapura.
4. Ullur.
5. Machattu.
6. Hosangadi.
7. Edamoge.
8. Kamalashile.

Baindur Firka. 1. Mudur. 2. Hallihole.

2 These villages are included in the III block which is in charge of Asst.Project Officer,Karkal, in addition to 2 more firkas of Karkal Taluk which are included in the II block. To be more clear, the Asst. Project Officer, Karkal is in charge of all the 105 villages of Karkal Taluk and the 19 villages of Coondapur Taluk included in the Community Project area of this District, covering a total area of about 834 square miles which itself is more than the area of any of the Projects in the State. The III block alone which consists of 2 firkas of Karkal Taluk and 19 Villages of Coondapur Taluk is nearly as big as the I and II blocks put together, although the number of villages comprising the block is only 67

3 With such a large area as the field of operation, the Asst.Project Officer,Karkal has been finding it difficult to do any intensive work, particularly in the 19 villages of Coondapur Taluk. Though the work in the III block was started in about the month of June 1953, no real work was done in the villages of Coondapur Taluk not even investigation of works till December 1953. There was also lack of adequate staff to extend the work to this area till about April 1954 and when the staff was available, the rainy season was approaching and before any substantial progress could be shown, most of the villages became inaccessible with the onset of the monsoon. In fact, though some investigations have since been completed, and a few minor items of work have been ~~completed~~ sanctioned, no expenditure has so far been incurred in the 10 villages of Wandse and Baindur Firkas.

P.T.O.

4 The 10 villages referred to above form a compact area at the northern-most end of the III block and lie b[redacted]the Haladi river and as such are not easily accessible [redacted]ut 4 to 6 months in the year from Karkal side. The [redacted]ed sketch shows the position of these villages. They [redacted], however, not so difficult of access from Byndur, which will be the Head Quarters of the New National Extension Block and it will probably be easier to serve this area as part of the National Extension Service.

5 The area covered by the 10 villages is 125 square miles and the exclusion of this area from the III Block will be a great relief to the Asst.Project Officer,Karkal who will still have 9 villages of Coondapur Firka with an area of about 103 square miles together with the whole of Karkal Taluk ~~which~~ which has an area of —— 606 square miles. The Asst.Project Officer,Karkal has been expressing in recent months that without one more Asst.Project Officer to relieve him of a portion of his charge area, it is difficult for him to do any intensive work in the villages of is jurisdiction.

6 I, therefore, recommend that, now that the entire firkas of Wandse and Baindur have been brought under the National Extension Service, the 10 villages lying within the 2 firkas, now included in the Community Project area may be excluded from it and the village Guides working in these villages may be taken over by the National Extension Service.

Yours faithfully,

Project Executive Officer.

8. The standard of the examinations for each group, the subjects for the examinations, the maximum number of marks and the minimum number of marks qualifying for selection will be as shown in Annexure I. In cases where the examination comprises a written test as well as an oral test in the shape of an interview the written test will precede the oral test. The maximum number of marks for the written test will be two-third of the total number of marks for the combined written and oral test. Candidates not belonging to the Scheduled Castes, the Scheduled Tribes and the Backward Classes will be admitted to the oral test only if they obtain not less than forty per cent of the marks allotted for the written test prescribed for Group I Services and not less than 30 per cent of the

9. The examination for each group will be a combined one for the purpose of filling vacancies in the services included in that group. A candidate may apply to be admitted to all or any of the services in each group. If he wishes to be admitted as a candidate for more than one service in the same group he need send in only one application. But if he wishes to be admitted as a candidate for services in more than one group, he must send in one application for each group. He will be required to pay the fees mentioned in the rule once for each group and will not be required to pay separate fees for each service in a group for which he applies. If, however, he applies for more than one group, he will be required to pay separate fees for each group. If he proves successful as a candidate for more than one service in the same group, due consideration will be given to the preferences expressed by him at the time of his application. For this purpose, candidates for each group will be required to state in their applications their order of preference in respect of the services or departments to which they wish to be appointed and the Commission will allot the candidates for appointment to the services or departments with reference to their position in the examination list and, as far as possible, with reference to the order of preference indicated in their applications. The candidates will also be permitted to specify their choice of districts (or areas) in which they wish to be appointed in respect of services such as the Madras Ministerial Service and the Madras Judicial Ministerial Service, but the controlling preference will be the service or department preference. Amongst those eventually selected for a service or department in a language area, preference for districts will be respected as far as possible. The Commission will, however, have the power to assign any candidate to any service or department of the group for which he is a candidate and to any district in his language area, if the exigencies of the public service render this desirable.

10. Recruitment otherwise than by competitive examination to all services will continue to be governed by the Rules of Procedure issued in G.O. No. 643, Public (Reforms), dated 1st April 1937, as amended from time to time.

11. Candidates selected for appointment as typists and steno-typists in the Madras Secretariat Service and the Madras Judicial Ministerial Service will be ineligible for transfer to the other posts in those services unless they qualify for such transfer by appearing for the examination by the full test prescribed for the respective group in which the said other posts are included. Typists or steno-typists in the Madras Ministerial Service will not be eligible for promotion or transfer as Audit Clerks or Lower Division clerks in the Local Fund Audit Department or as Upper Division or Lower Division clerks in the Office of the Board of Revenue (Land Revenue and Irrigation) or in any other department unless they have passed the competitive examination (full test) held by the Commission for recruitment of Lower Division Clerks. Applicants for the posts of typists and steno-typists will be given the option of appearing for only one subject prescribed for them in the examination for Group IV or for all the subjects prescribed for others in that group. In the case of those who appear for all the subjects and obtain the minimum number of marks prescribed for those subjects, a note will be entered against their names in the approved lists of typists and steno-typists (if they are included in such approved lists) to the effect that they are eligible for transfer to other posts in the Madras Ministerial Service or the Madras Judicial Ministerial Service, as the case may be, which have been included in Group IV on satisfactory completion of probation in the post of typist or steno-typist. Those who appear for only one subject

prescribed for typists and steno-typists will, if eligible, be selected for appointment as typists or steno-typists only and they will not be eligible for transfer to other posts even if they possess or subsequently acquire the required qualifications provided that the typists and steno-typists mentioned in column (1) of the table below who possess the required qualifications will, subject to the provisions of the general and special rules concerned, be eligible for transfer to the posts specified in the corresponding entry in column (2) thereof if they qualify for such transfer by appearing for the examination by the full test prescribed for the group specified in the corresponding entry in column (3) :—

The standard of the examination for these services, the subjects for the examination and the maximum and minimum marks will be the same as for the services included in Group I. The Commission may, in special circumstances and with the previous approval of the Government, admit to the oral test candidates who have obtained less than the prescribed percentage of marks in the written test. Selection will be made from among the applicants for these services separately on the results of the written and oral test combined.

14. Fees will be levied from the candidates, who apply in response to a notification issued by the Commission, at the following rates :—

	Subordinate Services.	Rs. 10 each.
(*c*) Applicants for competitive examination comprising only a written test.	Subordinate Services.	Rs. 10 each for each group.

15. The respective appointing authorities or the authorities nominated for the purpose by the heads of departments, as the case may be, in the case of the Madras Ministerial Service, heads of departments in the case of the other Subordinate Services (except Official Receivers of the Madras Judicial Ministerial Service) and the Government in the case of State Services and Official Receivers of the Madras Judicial Ministerial Service should send to the Commission estimates of the number of candidates to be selected for each service both by direct recruitment and recruitment by transfer from the normal feeder subordinate service according to the programme given in Annexure II. In the case of recruitment to a State Service by transfer from the normal feeder subordinate service, the head of the department concerned should furnish the Commission by the appropriate date specified in column (2) of the Annexure II (ii) with his list of candidates qualified for appointment, together with his remarks concerning the suitability of each and the personal files of the candidates. The estimate of the number of candidates required should cover a period of twelve months following the dates on which the lists of selected candidates are due to be communicated to the appointing authorities according to the programme in Annexure II.

16. If there are any posts within the Commission's purview which are not included in the programme in Annexure II the heads of departments concerned will take steps to suggest in consultation with the Commission suitable dates for incorporation in the programme.

17. When forwarding the estimates to the Commission in the case of direct recruitment, the appointing authorities should, in addition to giving information as to the number of candidates to be selected—

(*a*) intimate to the Commission the language with which they should be conversant ; and

(*b*) send to the Commission their roster relating to reservation of appointments for the Scheduled Castes, the Scheduled Tribes and the Backward Classes and the appointments filled by open competition, showing all the appointments made to the service up-to-date.

18. Applicants for direct recruitment to the State Services will be interviewed at Madras and those for direct recruitment to the Subordinate Services in such language areas as the Commission may fix for each selection. Written examinations will be held at such centres as the Commission may, from time to time, notify.

19. The age-limits for direct recruitment will be applied not with reference to the date of actual appointment to the service but with reference to the 1st July of each year in which the selection is made, i.e., candidates should not have completed the prescribed age on the 1st July. Candidates selected for but not appointed to a service before the next list for that service is prepared will be brought on to the new list corresponding to that on which they have been placed and will be placed at the top of it.

9. The examination for each group will be a combined one for the purpose of filling vacancies in the services included in that group. A candidate may apply to be admitted to all or any of the services in each group. If he wishes to be admitted as a candidate for more than one service in the same group he need send in only one application. But if he wishes to be admitted as a candidate for services in more than one group, he must send in one application for each group. He will be required to pay the fees mentioned in the rule once for each group and will not be required to pay separate fees for each service in a group for which he applies. If, however, he applies for more than one group, he will be required to pay separate fees for each group. If he proves successful as a candidate for more than one service in the same group, due consideration will be given to the preferences expressed by him at the time of his application. For this purpose, candidates for each group will be required to state in their applications their order of preference in respect of the services or departments to which they wish to be appointed and the Commission will allot the candidates for appointment to the services or departments with reference to their position in the examination list and, as far as possible, with reference to the order of preference indicated in their applications. The candidates will also be permitted to specify their choice of districts (or areas) in which they wish to be appointed in respect of services such as the Madras Ministerial Service and the Madras Judicial Ministerial Service, but the controlling preference will be the service or department preference. Amongst those eventually selected for a service or department in a language area, preference for districts will be respected as far as possible. The Commission will, however, have the power to assign any candidate to any service or department of the group for which he is a candidate and to any district in his language area, if the exigencies of the public service render this desirable.

10. Recruitment otherwise than by competitive examination to all services will continue to be governed by the Rules of Procedure issued in G.O. No. 643, Public (Reforms), dated 1st April 1937, as amended from time to time.

11. Candidates selected for appointment as typists and steno-typists in the Madras Secretariat Service and the Madras Judicial Ministerial Service will be ineligible for transfer to the other posts in those services unless they qualify for such transfer by appearing for the examination by the full test prescribed for the respective group in which the said other posts are included. Typists or steno-typists in the Madras Ministerial Service will not be eligible for promotion or transfer as Audit Clerks or Lower Division clerks in the Local Fund Audit Department or as Upper Division or Lower Division clerks in the Office of the Board of Revenue (Land Revenue and Irrigation) or in any other department unless they have passed the competitive examination (full test) held by the Commission for recruitment of Lower Division Clerks. Applicants for the posts of typists and steno-typists will be given the option of appearing for only one subject prescribed for them in the examination for Group IV or for all the subjects prescribed for others in that group. In the case of those who appear for all the subjects and obtain the minimum number of marks prescribed for those subjects, a note will be entered against their names in the approved lists of typists and steno-typists (if they are included in such approved lists) to the effect that they are eligible for transfer to other posts in the Madras Ministerial Service or the Madras Judicial Ministerial Service, as the case may be, which have been included in Group IV on satisfactory completion of probation in the post of typist or steno-typist. Those who appear for only one subject

prescribed for typists and steno-typists will, if eligible, be selected for appointment as typists or steno-typists only and they will not be eligible for transfer to other posts even if they possess or subsequently acquire the required qualifications provided that the typists and steno-typists mentioned in column (1) of the table below who possess the required qualifications will, subject to the provisions of the general and special rules concerned, be eligible for transfer to the posts specified in the corresponding entry in column (2) thereof if they qualify for such transfer by appearing for the examination by the full test prescribed for the group specified in the corresponding entry in column (3) :—
